CARES**

My Community Cares strengthens families by sparking community engagement, connecting families, and providing individual family support.

WORKING TOGETHER

We believe that communities know the best solutions to their unmet needs and challenges. Through My Community Cares, children and families, and community members come together to establish relationships, share experience, support one another and build community resiliency.

PROVIDING SUPPORT

MCC serves as a single point of contact in communities for families in need of supports. MCC connects families to other families and/or agencies for support and resources to meet their basic needs as well as additional help to identify the root causes of the issues they're facing.

PARENT CAFES

Join us for a Parent Cafe. Parent Cafes are great opportunities for parents/caregivers to come together to share their experiences and hear from others that may be going through something similar. We cover 5 Protective Factors that we all need in order to strengthen our families.
