

# START CORP.

"CREATING OPPORTUNITIES"

## MEET SAMANTHA ANTHONY

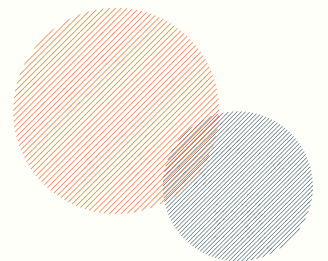

**Street Outreach Specialist**

We are a non-profit organization believing in recovery, quality of life, respect and personal choice for all.

We support people experiencing homelessness, behavioral health, and substance abuse issues as well as those with other disabilities and needs.

Our mission of Start Corporation is to promote opportunities, which enhance the self sufficiency of people who are impaired in their abilities to live and function independently. Start strongly believes in recovery, quality of life, respect, and personal choice for our clients and everyone else.

In Natchitoches and Sabine parishes, Start provides **Coordinated Entry Services** to those individuals experiencing or at-risk of homelessness. Diversion and Intervention services are provided in efforts to return persons to housing as quickly as possible.
